

# Annual Report

## F5J Electric Flight FAI World Cup 2018

I do my job as F5J coordinator, because you give me this job and because I love aeromodelling.

Yes, I spend a lot of hours to collect, calculable and check validity of all FAI licenses for F5J W Cup but this is my small support to aeromodelling and FAI.

This year I had a lot of FAI duties and late with results, but hope next year will have final results beginning of November.

I have idea to upload F5J W cup standings for 2019 end of every competition season month at FAI web site. It will give more tension for pilots to fly one more competition.

December 2018

Sotir Lazarkov, F5J World Cup Coordinator

| Rank | Name                  |            |              | Jun |            | points     |
|------|-----------------------|------------|--------------|-----|------------|------------|
| 1    | <b>Malcik, Radek</b>  | <b>CZE</b> | <b>30576</b> |     | <b>300</b> | 41         |

| 7    | Littva Ján ml.        | SVK        | 24556        |     | <b>195</b> |            |
| 8    | Francic, Nikola       | CRO        | 61256        |     | <b>193</b> | <b>100</b> |
| 9    | Adamek, Juraj         | SVK        | 24579        |     | <b>192</b> | 3          |
| 10   | Gergic, Bojan         | SLO        | 68464        |     | <b>190</b> |            |

P.S.

Many thanks to all our organisers as well as to our F5J World Cup Coordinator Sotir Lazarkov. There was even more work this year – a good sign for electric flight.

Emil Giezendanner
