FAI POSITION (RUS – BLR – UKR) 28 FEB 2022

“... decision to suspend the FAI members of Russia and Belarus with immediate effect.”

Lausanne, 28 February 2022

FAI position on the conflict taking place in the Ukraine

The military conflict taking place in Ukraine is of grave international concern. We are all deeply saddened by the inevitable human cost of war and the humanitarian crises that will be created because of this conflict.

The FAI's fundamental aim is to maintain the integrity and support the development of air sports across all nations in line with a set of values that nurture inclusion and transcend national differences.

To maintain that aim under the circumstances created by the military conflict in the Ukraine, the FAI Executive Board has unanimously decided to implement the following extraordinary measures:

To suspend the members of Russia and Belarus with immediate effect and therefore removing all rights as listed in FAI Statutes 2.4.2.1

In making this decision, the FAI Executive Board has taken note of the considered actions being taken by the International Olympic Committee and other international sporting organisations.

In addition to the above measures, the FAI Executive Board will:

1. Engage with FAI Members, FAI Air Sport Commissions and other stakeholders to ensure that the situation is carefully, and regularly monitored and further decisions taken as to current and future measures.
2. Ensure that the organisers of all FAI sanctioned events due to take place in Europe between now and April 2023 are consulted with to consider the direct and indirect impacts of the conflict in the Ukraine, any mitigation measures that might need to be considered, and what forms of assistance the FAI might be able to provide to maintain the integrity of such events.

This is a very difficult situation. Our thoughts are with those that are being most directly impacted, and we all hope for a swift resolution.
