IPC Delegate Germany
Dr. Rainer EXI Hoenle
15.11.2010

Sporting Code Working Group

Amendment for INTERNAL REGULATIONS requested already at Plenary meeting in 2010,

the introduction of a „vote of non confidence“ paragraph if, i.e examples

- the Plenary at the next meeting disagrees with an interim decision „needing immediate attention“ as specified in 3.5

the interim decision is NOT „ratified by the next Plenary Meeting“, as requested in 3.5 and/or is repelled as in 4.6, but has been carried out already and cannot be reversed,

- the Plenary disagrees, that „time did not permit the matter to be discussed by a Plenary Meeting and where the President believes that lack of action would disadvantage the aims or objectives of the IPC as requested in 4.4,
- **the interim decision concerns any actions or schedules regarding the time-period after the next Plenary meeting.**

IT is not considered to be of substantial importance and changes a process, which has been approved before differently by the Plenary.

Dr. Rainer EXI Hoenle,
IPC-Delegate, Germany
