CISM Parachuting Regulations 2015

Some changes have been made in order to reduce IPC/CISM differences in judging and scoring but it is not possible to synchronize IPC and CISM rules completely (e.g. protest and jury procedures)

CISM will not impose any additional technical and financial burden on the organizer (e.g. for a camera system that controls an electronic measurement system or supervises the judges' work)

The 2015 CISM Parachuting rules are available at <http://www.cismmilsport.org/portfolio/parachuting>

CISM parachuting judges

A 2014 CISM beginner judges seminar and refresher evaluation was held end of March in Amsterdam. 20 participants received a CISM judge license in one or more of the three CISM disciplines (Accuracy, Style, 4way FS)

A report about the seminar and the updated 2014 CISM judges list is available on the CISM website

<http://www.cismmilsport.org/portfolio/parachuting>

There is a plan for a CISM seminar in preparation for 6th MWG & 39th WMPC 2015, details will be available by the IPC plenary and will be coordinated with the IPC judges committee.

CISM General Assembly and election

During CISM GA in Quito/Ecuador in May 2014 a new CISM President and Secretary General were elected for the next 4 years.

CISM GA has also voted for a new member nation, Palestine is CISM member #134 and also has a parachuting team.

If there is any military parachuting team of a non-CISM member nation who wants to join CISM, or participate in CISM events as an observer, please contact the CPC President.

Finally I want to thank all IPC officials for the good cooperation and express a special Thanks to the supporters of the CISM Parachuting, namely Curt from Para Gear and Helmut from Cypres.
