ORGANISATION

Members of FAI Jury and panels of judges for each competition are given in the annex. The list of judges which have been considered is the list valid for 2003 (approved by the CIAM Plenary Meeting in March 2002).

In a World cup competition, any infringement of the Sporting Code rules concerning composition of a panel of judges will lead to the cancellation of the results for the class which is concerned. The only exception to be considered is the case of an obvious withdrawal of a judge at the last moment (exceptional circumstance). This rule has been approved at the CIAM Plenary Meeting held in March 2001 and is effective from 1st January 2002.

FAI jury - The composition of the FAI Jury is defined in paragraph B.4.1 of the Volume ABR of the Sporting code Section IV. In the case of International events the FAI Jury must include at least one CIAM Delegate or a person approved by his/her NAC. The other two members can be delegated by the NAC of the organising country but members of the FAI Jury must be from at least two different countries. The rules specified that members of the FAI Jury may not compete in the event except when the time table gives a sub-division into classes ; in that case, one or two members may compete in a class and must then be replaced by alternate Jury members (not competing in the corresponding class) for all matters involving that class. The alternate members must be chosen so that at all times the FAI Jury meets nationality and language rules.

Nothing is specified in paragraph B.4.1 of the Sporting Code concerning possibility for a member of a panel of judges (F2B, F2C or F2D) to be also involved in the FAI Jury. A specific rule has been introduced in the Control Line World Cup rules which specify that a FAI Jury member involved in a panel of judges has to be replaced for that class (as FAI Jury member) by another eligible person. This rule has been approved by the CIAM Plenary Meeting held in March 2001 and is effective from 1st January 2002.

F2B panel of judges - The rule 4.2.13 of the Sporting Code specifies a panel of at least three judges. Those judges must be of at least two different nationalities and be selected from a list of persons proposed by the National Airsports Controls for their proficiency and experience and approved by the CIAM. If the panel is composed of five judges (recommended) only three of them must be approved by CIAM.

F2C panel of judges - The rule 4.3.12 of the Sporting Code specifies a panel of at least three judges. The judges must be from two different nationalities and must have at least one language in common. Only two of them must be selected from a list of persons proposed by the National Airsports Controls for their proficiency and experience and approved by the CIAM.

F2D panel of judges - The rule 4.4.18 of the Sporting Code specifies a panel of three judges. The judges must be from two different nationalities and must have at least one language in common. Only two of them must be selected from a list of persons proposed by the National Airsports Controls for their proficiency and experience and approved by the CIAM.

Some **major infringements** to the rules concerning compositions of FAI Jury and/or panels of judges have been noticed.

Pecs (Hungary) - 27 to 29 June (F2B - F2C) : in F2B all three members of the panel of judges are from the same country (Hungary) and only one of them is from the CIAM list. The national delegate from Hungary explains that one foreign judge from CIAM list could not attend. In F2C, none of the members of the panel of judges was from the CIAM list. The national delegate from Hungary explains that one foreign judge and one Hungarian judge from CIAM list could not attend.

Wierzawice (Poland) - 1 to 2 August (F2B - F2D) : in F2B, one member of the panel of judges is not from the CIAM list (Marek SAGORSKI - POL). In F2D, only one of the three members of the F2D panel of judges is from the CIAM list valid for 2003. The two other ones have been nominated for 2004 on the list approved in March 2003.

Gyula (Hungary) - 3 to 5 October (F2C) : none of the three members of the F2C panel of judges is from the CIAM list. The national delegate from Hungary explains that one of the hungarian judge of the panel (Jozsef MULT) is on the list validated on March 2003 Plenary Meeting for 2004 and that the two other judges (one from Hungary and one from Romania) will be put on the list which shall be proposed at March 2004 Plenary Meeting for 2005.

Torino (Italy) - 20 and 21 September (F2D) : only two members in the FAI jury and both are from the same country (Italy). The organizer explained that it has not been possible to invite foreign judge because of cost problem.

Some **minor infringements** to the rules concerning compositions of FAI Jury and/or panels of judges have been noticed.

Rafaela (Argentina) - 13 to 16 February (F2B) : only two members of the F2B panel of judges are from the CIAM list. The organiser asked before the competition the control Line Subcommittee for an exception. *The CIAM Bureau has given some latitude to the strict rules for "emerging" countries and continents. In those conditions, the list of judges for Rafaela has been accepted.*

Bitterfeld (Germany) - 3 and 4 May (F2B) : only two members of the F2B panel of judges are from the CIAM list. The organiser has explained that Georg BIBER (SUI) had to cancel just before the competition. In those conditions, the organiser (Matthias MOBIUS) decided to fill himself this gap because he was on the CIAM list. The day before the competition, he got a diarrhoea and was not on the situation to stay on the f2B circle. In those conditions, he asked his daughter (angelica) to take the seat because she had some experience of judging in national competitions. *It could be obviously considered that the organiser was in an exceptional circumstance (withdrawal of a judge).*

Hradec-Kralové (Czech Republic) - 10 and 11 May (F2B - F2C) : in F2B, one judge of the panel of judges (Pavel MACEK) is not from the CIAM list valid for 2003 but has been nominated for 2004 on the list approved in March 2003. *This could be considered as a minor infringement.* In F2C, all three members of both FAI Jury and F2C panel of judges are the same. The organiser explained that there has not any team registered for F2C class so the F2C has not been ensured. But finally 4 teams (from Hungary and Germany) entered the competition and so the organizer quickly organised a F2C Panel of judges so that the event could be held. *For the Control Line World Cup Board of judges, the organiser will have been in compliance with the rules using the three F2B judges in case of any protest in the F2C competition.*

Sebnitz (Germany) - 14 and 15 June (F2D) : all three members of the FAI Jury for F2D class are from the same country (Germany). *For the Control Line World Cup Board of judges, the organiser will have been in compliance with the rules using Bohumil VOTYPKA (CZE) to satisfy the rule of two different nationalities for the FAI Jury in F2D class in case of any protest in the F2C competition.*

Radfeld (Austria) - 21 and 22 June (F2B) : one member of the F2B panel of judges (Helmut KOFLER - AUS) is not from the CIAM list valid for 2003 but has been nominated for 2004 on the list approved in March 2003. *This could be considered as a minor infringement.*

Svitavy (Czech Republic) - 21 and 22 June (F2D) : only one member of the F2D panel of judges was from the CIAM list. *For the Control Line World Cup Board of judges, the organiser will have been in compliance with the rules by inverting one person from the FAI Jury (Pavel Klima) to the F2D panel of judges.*

Lugo di Romagna) - 1 and 2 September (F2B) : only two members of the F2B panel of judges are from the CIAM list valid for 2003. But a third one (Walter MUSETTI – ITA) has been nominated for 2004 on the list approved in March 2003. *This could be considered as a minor infringement.*

After discussion, the Board of judges for the Control Line World Cup and Chairman of the Control Line Subcommittee have considered that it will be unfair to cancel results in those competitions because it will unjustly penalize the competitors who attend a correct organisation of a competition which is on the CIAM Calendar with a World Cup label and so who trusted that their results will count for the Control Line World Cup.

In those conditions, it is suggested to the CIAM Bureau to suspend from 2004 Control Line World Cup the competitions in which major infringements have been noticed in order to make all organiser's of World Cup competitions abide by the rules in the future.
